APOLLO

DACH

Apollo is a high-performance, premium four-seater all-electric low-speed vehicle. It features cruise control on Intelligent Steering wheel, a unibody frame, electrophoretic coating chassis, and reinforced brakes and suspension, offering a stable, safe, and exceptionally comfortable driving experience. Apollo also comes with one-piece molded seats and a 72V long-lasting battery, ensuring both comfort and long-range durability. Whether for community commuting, leisure trips, or golf courses, Apollo is the perfect choice.
