Club Car

THE CONFIDENT CHOICE

For more than 60 years, Club Car has set the standard for durability and performance. Born in the golf industry—where vehicles face daily use and constant exposure to the elements—our designs are proven under the toughest conditions before they ever leave the course.

Why Club Car:

- › Engineered for longevity with purpose-built components designed to outlast daily wear
- › Rust-proof aluminum chassis that resists corrosion and stands up to heat, moisture, and time
- › Proven performance heritage, refined through millions of rounds and rides worldwide
- › Manufactured in Augusta, Georgia, backed by decades of craftsmanship and quality control

TRUE WARRANTY COVERAGE!

Parts AND Labor Coverage unlike some import brands with no labor coverage and poor replacement parts availability!

ONWARD

Experience the Onward® —
Smart Where it Matters. Quality You Can Trust.

Designed with an automotive-inspired dash, dual charging ports, and a durable 7" LCD screen, Onward delivers modern functionality without sacrificing strength. A fade-resistant, automotive-grade paint finish stands up to sun and wear, while marine-grade seating and a heavy-duty axle provide lasting comfort and confidence on every ride.

Available in gas and electric powertrains, including high-performance and Lithium Ion options, Onward offers responsive acceleration and dependable hill-climbing power. Engineered for longevity and built to handle daily demands, Onward proves that premium comfort and rugged capability can go hand in hand.

BUILT-IN FEATURES

Every Club Car Onward comes fully equipped with built-in features that blend style, performance, and reliability. Thoughtfully designed and engineered, it's ready to deliver a comfortable, safe ride — no extra upgrades required.
